Moutai Group was originated from three brewing workshops with a history of over a hundred years in Maotai Town, "Chengyi," "Ronghe," and "Hengxing," and now it has more than 42,000 employees.

Is Moutai still a popular brand in China?

Moutai remains a leading brand in China's culinary and consumption culture, and we believe it will continue its premium position over the long term. Moutai is a household name in China. Its core product, the 53-degree Feitian Moutai, was a Chinese Communist Party favorite during the country's civil war.

Should firms invest in energy storage technologies to generate revenue?

This study assumes that, in the face of multiple uncertainties in policy, technological innovation, and the market, firms can choose to invest in existing energy storage technologies or future improved versions of the technology to generate revenue.

How to choose the best energy storage investment scheme?

By solving for the investment threshold and investment opportunity value under various uncertainties and different strategies, the optimal investment scheme can be obtained. Finally, to verify the validity of the model, it is applied to investment decisions for energy storage participation in China's peaking auxiliary service market.

What is a continuous investment strategy for energy storage technologies?

For current energy storage technologies, the continuous strategy can significantly shorten the investment timing and enable investors to adopt the storage technology as early as possible; therefore, when new technologies are unavailable, the continuous investment strategy is the best choice.

The bottle design of Maotai is hugely distinctive. Picture the trademark yellow label on a bottle of magnum of Veuve Clicquot champagne. Maotai is just as famous - and important - in China. Bottles are white in colour, with a diagonal red label. Maotai, like all baijiu, has a high alcohol content.

Together, H& M Group and Rondo will explore the possibilities of replacing fossil fuels with clean energy in the group's global supply chain using Rondo Heat Batteries. H& M Group Ventures' investments will also support Rondo's international expansion and the development of storage projects to meet this demand.
