

# Shougang energy storage exhibition address

On April 11-13, 2024, at the 12th International Energy Storage Summit and Exhibition held at the Shougang Convention and Exhibition Center in Beijing, ZOE Energy Storage brought "Digital Energy Ecology + Distributed Energy Asset Full Life Cycle Management" innovative energy solutions, leading a zero-carbon future with the power of technology.

On April 11, the 12th Energy Storage International Summit and Exhibition (ESIE 2024) kicked off at the Beijing Shougang Convention Center. Trina Solar, committed to being a global leader in smart energy solutions for light and storage, showcased its large-scale, industrial, and residential storage products, achieving full-scene coverage of storage products. The newly mass ...

The 11th Energy Storage International Summit & Exhibition (ESIE2023) was officially opened on 7 April at the Shougang Convention & Exhibition Center in Beijing. ZTT Booth Site ZTT New Energy divided this booth into energy storage system containers, backup power modules, large energy storage modules, and other areas.

It is also Shougang's first environment protection and livelihood project after it implemented its strategic transformation and vigorously developed the environment protection industry in Beijing. Shougang Biomass Energy Project is the world's largest monomer waste incineration power generation plant that has been put into operation in one go.

Honored to be the permanent venue of CIFTIS, Shougang Park made great efforts to launch the Shougang International Convention and Exhibition Center with 14 modern exhibition halls available. During this year's CIFTIS, nine special exhibitions will be grandly staged at Shougang Park, which will certainly give visitors a wonderful experience.

The 11th Energy Storage International Conference and Expo (ESIE 2023) kicked off on April 7 at Beijing Shougang Convention and Exhibition Center. Bergstrom brought a variety of energy storage thermal management products and integrated solutions to the exhibition, which attracted widespread attention in the industry.
